

VMC GROUP
THE POWER OF TOGETHER™

VMC Group is proud to be an ISO-17065 Accredited Product Certification Agency!

What this means:

ISO certification is a seal of approval from a corporation that applies the international standards developed and is published by the International Organization for Standardization (ISO).

The corporation that VMC Group is accredited by is the International Accreditation Service (IAS). IAS provides objective evidence that an organization operates at the highest level of ethical, legal and technical standards.

Benefits of being an ISO Accredited PCA by IAS are:

- Highest level of quality
- Guaranteed performance
- Elevated experience
- Liability protection for the customer
- ALL code requirements are followed
- Complete transparency and impartiality
- Audits are required per IBC Chapter 17 (1703.5.2)
- Label which carries the IAS Accredited Logo
- All certified products must be held to the same standard; no competitive disadvantage to any of our clients
- We are audited and also held to the same standard
- We utilize our own ISO-17025 Accredited testing facility, Dynamic Certification Laboratories (DCL)
