

## HIGH PERFORMANCE WIRE ROPE ISOLATORS

VMC Group's Aeroflex International Isolators are recognized worldwide as the leader in cable wire shock technology. With options weighing a few ounces to hundreds of thousands of pounds, our wire rope isolators are ready to resolve almost any shock or vibration issue – including meeting the Navy's MIL-DTL-901E shock and vibration testing standards. Our engineers also stand ready to customize a design, offering in-house design capabilities, CNC machining and steel fabrication.

### CONTROLLED ENVIRONMENT SOLUTIONS

VMC Group is the leading authority in managing the negative impact of air, noise, seismic, vibration and shock in controlled environments. We tackle these challenges with comprehensive solutions, offering products, testing, certification, education and specialized services. We push the boundaries of innovation and set the benchmark for excellence in our industry.

### AEROSPACE/DEFENSE EXPERTISE

VMC Group has a long-standing history of partnering with the aerospace and defense industry, supplying Aeroflex isolators to many of the sector's leading companies. We are committed to meeting our clients' needs and consistently exceeding their expectations.

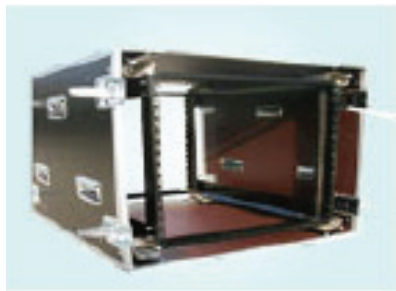

### EXPERIENCE WITH MILITARY SPECIFICATIONS

- MIL-STD-167-1A
- MIL-S-901D & E
- MIL-STD-740B
- MIL-E-5400
- MIL-STD-810H
- MIL-C-172
- MIL-T-5422
- MIL-C-5584D
- MIL-DTL-62703
- MIL-DTL-38195

VMC Group provides complimentary engineering analysis reports with isolator recommendations for all wire rope applications.
